

## AIP 2009 Travel Funding for US Participants

Funding has been awarded by US Office of Naval Research for partial support for U.S. participants for travel (U.S. carriers only for transatlantic travel and travel in U.S.) and for hotel room costs (but not food). Early career participants will be preferred but some funding will be available for more experienced researchers. Please fill out the form below and include estimates of the travel (give US carrier flight numbers and departing and arrival cities when US carriers are used) and estimates of the hotel costs. If funding is awarded *original receipts* and social security or tax identification number will be required to be submitted by August 31, 2009.
