SCIENCES

PostDoc Position (f/m) (100%, 40 hrs/week) in the RICAM Research Group “Computational Methods for Partial Differential Equations”

At the Johann Radon Institute for Computational and Applied Mathematics (RICAM) of the Austrian Academy of Sciences, Linz, Austria, the research group “Computational Methods for Partial Differential Equations” is searching a PostDoc with a strong background in **Numerical Analysis of PDEs and Scientific Computing** including implementation experience in advanced programming languages as C++. The research focus will be adjusted according to the interests of the successful candidate, but knowledge in isogeometric analysis and/or space-time methods for PDEs is especially welcome.

A doctorate in mathematics or a closely related field is required. The working language is English. For more information contact Prof. Dr. Ulrich Langer at: ulrich.langer@ricam.oeaw.ac.at

RICAM went into operation on January 1, 2003 and has established research groups in six areas:

- Computational Methods for Partial Differential Equations
- Geometry in Simulation
- Inverse Problems and Mathematical Imaging
- Optimization and Optimal Control
- Symbolic Computation
- Transfer Group

The Institute is located on the campus of the Johannes Kepler University in Linz, a city with approx. 200,000 inhabitants. Linz is located on the Danube, close to the Austrian Alps and half-way between Vienna and Salzburg. Further information is available under: www.ricam.oeaw.ac.at

Applications with personal and scientific data and a compact statement about scientific interests and achievements should be sent by October 30, 2018, preferably by email, to: ulrich.langer@ricam.oeaw.ac.at

Postal address:

Prof. Dr. Ulrich Langer, Johann Radon Institute for Computational and Applied Mathematics (RICAM),
Austrian Academy of Sciences, Altenberger Str. 69, A-4040 Linz, Austria

The Austrian Academy of Sciences is an equal opportunity employer.

We are approaching interested candidates, prepared to exercise the aforementioned duties for a yearly gross salary of € 51.955,40 EUR. Depending on qualification and experience, the salary can be negotiated.
