RICAM
JOHANN · RADON · INSTITUTE
FOR COMPUTATIONAL AND APPLIED MATHEMATICS

Postdoctoral Position (f/m) in the Research Group “Mathematical Data Science” (100%, 40 hours per week)

At the Johann Radon Institute for Computational and Applied Mathematics (RICAM) of the Austrian Academy of Sciences, Linz, Austria, the Group “Mathematical Data Science” is looking for two postdoctoral researchers with a strong background in machine learning and numerical analysis. The position is funded for an initial period of 1 year with a possible extension for 2 more years. Closing date for applications: June 20, 2019. Place of employment is Linz.

A doctorate in mathematics or a closely related field is desired or should be achieved within a few months. The working languages are English and German. For more information contact Prof. Philipp Grohs at: philipp.grohs@ricam.oeaw.ac.at.

RICAM went into operation on January 1, 2003 and has built research groups in seven areas:

- Computational Methods for PDEs
- Geometry in Simulations
- Optimization and Optimal Control
- Inverse Problems and Mathematical Imaging
- Symbolic Computation
- Transfer Group
- Mathematical Data Science

Applications with personal and scientific data and a compact statement about scientific interests and achievements should be sent, preferably by email, to: philipp.grohs@ricam.oeaw.ac.at.

Postal address:

Prof. Dr. Philipp Grohs

Johann Radon Institute for Computational and Applied Mathematics (RICAM)

Austrian Academy of Sciences

Altenberger Straße 69, 4040 Linz, Austria

We are approaching interested candidates, prepared to exercise the aforementioned duties for a yearly gross salary of € 53.254,60.

The Austrian Academy of Sciences is an equal opportunity employer.
