FOR COMPUTATIONAL AND APPLIED MATHEMATICS

PostDoc Position (f/m) in the RICAM Research Group “Optimization and Optimal Control”

At the Johann Radon Institute for Computational and Applied Mathematics (RICAM) of the Austrian Academy of Sciences, Linz, Austria, the “Optimization and Optimal Control Group” is searching a PostDoc with a strong background in **partial differential equations and scientific computing**. The research focus will be adjusted according to the interests of the successful candidate. A doctorate in mathematics or a closely related field is required. The working language is English. For more information contact Prof. K. Kunisch at: karl.kunisch@uni-graz.at.

RICAM went into operation on January 1, 2003 and has built research groups in six areas:

- Computational Methods for PDEs
- Geometry in Simulations
- Inverse Problems and Mathematical Imaging
- Optimization and Optimal Control
- Symbolic Computation
- Transfer Group

The Institute is housed on the campus of the Johannes Kepler University in Linz, a town of about 200.000 on the Danube, close to the Austrian Alps and half-way between Vienna and Salzburg. Further information is available at: www.ricam.oeaw.ac.at.

Applications with personal and scientific data and a compact statement about scientific interests and achievements should immediately but no later than by July 20, 2017, preferably by email, to: karl.kunisch@uni-graz.at.

Postal address:

Prof. Dr. Karl Kunisch

Institute for Mathematics and Scientific Computing, University of Graz
Heinrichstrasse 36, A-8010 Graz, Austria

The Austrian Academy of Sciences is an equal opportunity employer.

We are approaching interested candidates, prepared to exercise the aforementioned duties within a 100% employment (40 hours per week) for a yearly gross salary of € 50.772,40. Depending on qualification and experience, the salary can be negotiated.
